

Soffio

Soffio assure une posture correcte grâce au réglage synchronisé de l'angle d'inclinaison entre l'assise et le dossier sur cinq positions, avec sélection manuelle de la tension d'oscillation. Le support lombaire réglable en hauteur soulage la colonne vertébrale et l'assise personnalisable en profondeur permet de sélectionner la position la plus confortable. Le dossier revêtu en maille filet, ou dans la nouvelle version tissu, garantit respirabilité et résistance.
