ACTIVE PLUS

Sitland's new
fabric Sanitized®
certified

A CHOICE FOR HEALTH

Today more than ever, our every choice can affect our health and that of those around us.

Active Plus is Sitland's response to the needs of the delicate historical period we are experiencing.

An exclusive Sanitized® certified coating, long-lasting hygienic function that protects against bacteria and odours. Thanks to the Sanitized® treatment, Active Plus is the best choice for offices and collaborative areas as well as for the home.

ECO
FRIENDLY

RESISTANT AND SAFE

Active Plus is composed by 100% polyester, recycled and fireproof, and it passed the main international flammability tests.

Active Plus has 100,000 Martindale cycles (fastness to rubbing). This make it the perfect choice for collective spaces or for long-term use.

sitland

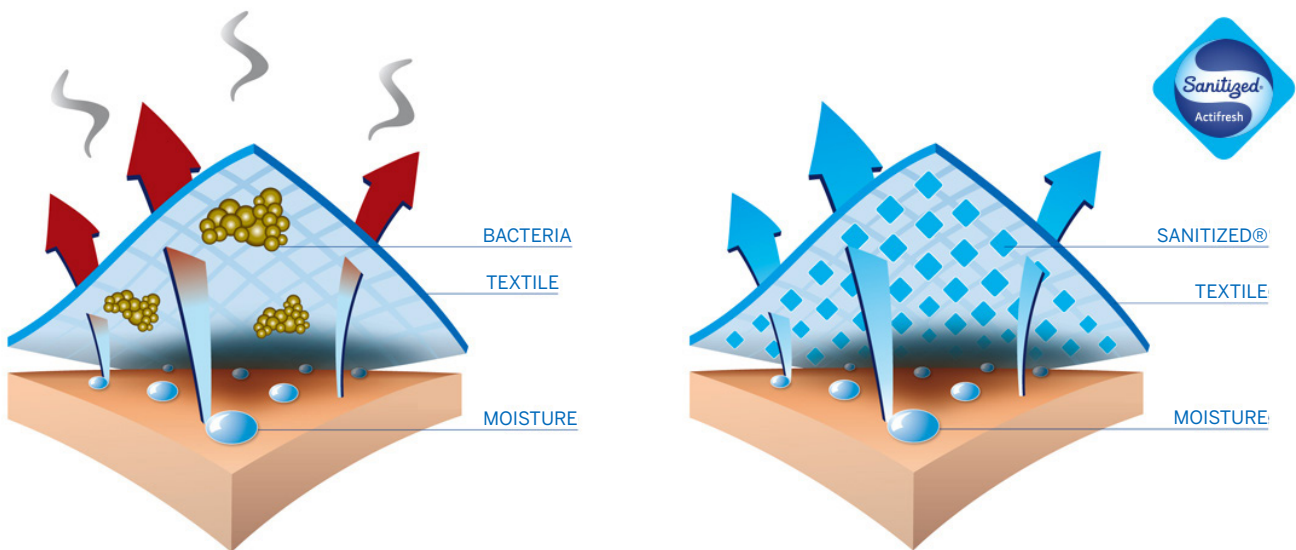

24H A DAY PROTECTION

Active Plus is Sitland's fabric with Sanitized antimicrobial technology.

This technology protects on a permanent basis from microbes. The antimicrobial additives are embedded in the fabric and they are effective against many bacteria.

Thanks to Sanitized antimicrobial technology, Active Plus protects from even antibiotic resistant superbugs like MRSA (Methicillin-resistant Staphylococcus Aureus) and VRE (vancomycin-resistant Enterococcus).

Sanitized antimicrobial treatment grants a 24h protection, even in-between cleaning cycles.

THE BEST CHOICE FOR THE ENVIRONMENT

Active Plus is the careful choice for the environment.

Active Plus is 100% recycled polyester, Made in Italy, which grants a relevant emission reduction of CO2, therefore a lower environmental impact.

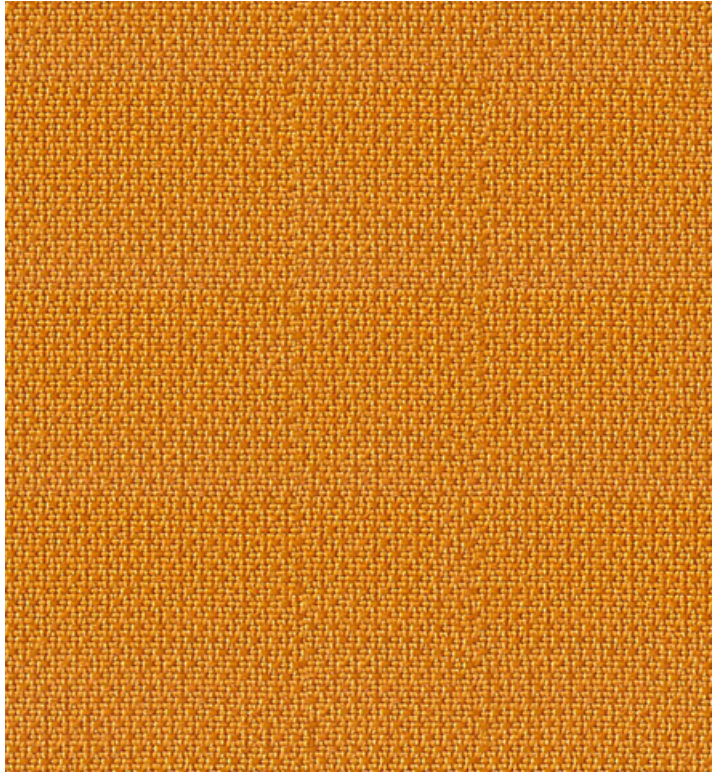

The Sanitized® treatment improve the durability of the material, extending the life cycle and reducing the textile waste.

Active Plus is Oeko-Tex® STANDARD 100 certified, which is the standard granting that each component of the fabric has been tested for harmful substances and that is therefore harmless for humans and environment.

 L'etichetta Oeko-Tex® STANDARD 100 garantisce che si può essere certi che ogni componente di questo articolo è stato testato per le sostanze nocive e che l'articolo è quindi innocuo in termini ecologici umani	The Oeko-Tex® STANDARD 100 label guarantees that every component of the article, has been tested for harmful substances and that the article therefore is harmless in human ecological terms
 Impedisce lo sviluppo dei batteri e degli odori, protezione duratura integrata grazie alla funzione igienica Sanitized®	Hinders bacteria growth and odor development, built-in durable protection thanks to the Sanitized® hygiene function

Note sui rivestimenti — Per ragioni tecniche non è possibile garantire lo stesso tono di colore tra un lotto di produzione ed un altro. Leggere differenze, con una tolleranza del $\pm 5\%$ devono intendersi come normali e non possono dar adito a reclami o alla risoluzione del contratto. Sitland spa si riserva il diritto di apportare modifiche alle finiture contenute nella presente cartella senza preavviso alcuno. Ulteriori informazioni sulle caratteristiche tecniche di ogni singolo rivestimento sono disponibili nel sito www.sitland.com

Pulizia e manutenzione — Per la manutenzione dei tessuti consigliamo di passare con frequenza almeno mensile la superficie, utilizzando un aspirapolvere. In caso di unto, utilizzare solamente un panno leggermente umido e sapone neutro, non strofinare e lasciare asciugare naturalmente.

Note on upholstery — For technical reasons, batch to batch variations in shade may occur. Slight differences, within a tolerance of $\pm 5\%$, are to be considered as normal and acceptable and they cannot give rise to claims or to a breach of contract. Sitland spa reserves the right to make modifications to the finishes contained in the present folder without any prior communication. Further information on the technical characteristics of each individual upholstery is available on the website www.sitland.com

Cleaning and maintenance — For the fabrics maintenance, we suggest you to regularly vacuum clean. Stains can be cleaned with a soft damp cloth and mild soap; do not rub and allow to dry naturally.
