DROP

Zakaria Khalfaoui 2022

IT

Drop è un sistema modulare, completamente disassemblabile, costruito su tre elementi: schienale, bracciolo, seduta. Come i sistemi drag&drop digitali, è pensato per essere semplice e liberamente componibile. Il design della gamba richiama le forme di una goccia, mentre schienali e braccioli rivelano un gioco interessante tra forme curve e diamantature pronunciate.

EN

Drop is a modular system, completely disassemblable, built on three elements: backrest, armrest, seat. Like digital drag&drop systems, it is designed to be simple and freely modular. The design of the leg recalls the shape of a drop, while backrests and armrests reveal an interesting combination of curves and pronounced diamond shapes.

DE

Drop ist ein modulares System, das vollständig zerlegbar ist und aus drei Elementen besteht: Rückenlehne, Armlehne und Sitz. Wie digitale Drag&Drop-Systeme ist es einfach und frei modular aufgebaut. Das Design der Beine erinnert an die Form eines Tropfens, während die Rücken- und Armlehnen ein interessantes Wechselspiel zwischen geschwungenen Formen und ausgeprägten Rauten zeigen.

FR

Drop est un système modulable, qui peut être entièrement désassemblé, construit sur trois éléments : dossier, accoudoir, assise. Comme les systèmes drag&drop du numérique, il est pensé pour pouvoir être composé simplement et librement. Le design du pied rappelle les formes d'une goutte, tandis que les dossiers et les accoudoirs révèlent un jeu intéressant entre formes courbes et diamantages prononcés.

ES

Drop es un sistema modular, completamente desmontable, construido sobre tres elementos: respaldo, reposabrazos y asiento. Al igual que los sistemas digitales drag&drop, está diseñado para ser sencillo y libremente componible. El diseño de las patas recuerda la forma de una gota, mientras que los respaldos y los reposabrazos revelan un interesante juego entre formas curvas y rombos pronunciados.

DROP COMPOSIZIONI COMPOSITIONS

DROP STRUTTURE STRUCTURES

MODULO B - Struttura per 2 unità
MODULE B - Structure for 2 units

DROP CUSCINI CUSHIONS

MODULO 1 - Modulo Seduta
MODULE 1 - Seating Module

MODULO C - Struttura per 3 unità
MODULE C - Structure for 3 units

MODULO 2 - Schienale
MODULE 2 - Backrest

MODULO D - Struttura per 4 unità
MODULE D - Structure for 4 units

MODULO 3 - Braccio basso destro
MODULE 3 - Right low armrest

MODULO 4 - Braccio basso sinistro
MODULE 4 - Left low armrest

MODULO E - Struttura doppia per 3 unità per lato
MODULE E - Double structure for 3 units per side

MODULO 5 - Braccio alto destro
MODULE 5 - Right high armrest

MODULO 6 - Braccio alto sinistro
MODULE 6 - Left high armrest

DROP TOP TAVOLINI TABLE TOPS

MODULO T1 - Top tavolino quadrato, 1 unità
MODULE T1 - Square table top, 1 unit

MODULO T2 - Top tavolino rettangolare, ½ unità
MODULE T2 - Rectangular table top, ½ unit

MODULO T3 - Top tavolino ¼ di cerchio
MODULE T3 - ¼ circle table top

MODULO T4 - Top tavolino triangolare
MODULE T4 - Triangular table top

MODULO T5 - Top tavolino rettangolare, 2 unità
MODULE T5 - Rectangular table top, 2 units
